Perch caught (and eaten) by Alex Gervasi

Ice Fishing Jamboree

What a blast. We drove on top of the frozen lake. We fished and caught some northern pike and perch. We played, sliding on the ice and kicking the soccer ball around. We played some more. We ate some really good hot dogs, brats, and burgers. And then we ate some more good stuff. The weather was perfect and we had such a great time with our home-made tip-ups. We want to do this again next year!
