

# Troop 16 News

By Troop Historian Jared F.

Our troop participated in the Scouting for Food program. On a Saturday, Scouts delivered empty bags to different neighborhoods. That same weekend, attendees of St John's Church services, received more food bags that were handed out by Scouts. The following weekend 250 nonperishable food items were collected from St. John's, which was much appreciated. An additional 1200 food items were collected, by 16 scouts, from the different neighborhoods. All of the collected food was delivered to the Waukesha Food Pantry.

There was a bowling party, at Blue Mound Lanes, that some Scouts went on during the Easter Spring Break. The Scouts played a full two games of bowling. Some pretty good bowling was done and a lot of fun was had by everyone. Many strikes and spares shook the bowling alley!!

Our troop visited the Lionel Train Club, in New Berlin, where the Scouts were showed a movie. The Scouts were then able to wander around the large train display area. There were 15 different train setups that were running at one time. Lots of scenery and action figures were built by the club members. Every train ran across the 28 foot Hell's bridge, which is a replica of a New York bridge. The members also have a separate impressive collection worth \$100,000!!

The Troop's scribe is currently Kurt S. He takes attendance and assigns points at scout meetings for the monthly inspection that all the scouts have to participate in. He also presents the monthly participation awards to the top scouts.

### March Participation Awards

- 1 Kurt S.
- 2 Max M.
- 3 Zach L.
- Josh B.
- 4 Will M.
- 5 John C.
